

Addendum 1
To RFP 23-1015 for Glass Sealant Services
Questions and Answers

Issued on September 20, 2022

RFI #	Question/RFI	Answer/Clarification
1.	Will Corporation provide original as-builts for us to review?	Successful bidder will be provided with Corporation drawings as needed.
2.	Can Corporation schedule more than one site walk for this RFP? We will likely need more than one walk to ensure the scope coverage is correct.	Corporation has scheduled a second site walk on Monday, September 26, 2022 at 1:00 p.m. local time (attendance optional). Due to scheduling conflicts, the second site walk will be limited to the exterior of the building and front drive lobby areas only. Please e-mail Shane Young at shane.young@visitsandiego.com for the meeting location directions.
